CAPTURING MOMENTS

# OUR STORY

# About Me

---

Hello, and welcome!

I'm Nick, the filmmaker behind Nick Bunton Studios. Filmmaker, storyteller, & lover of adventure.

I'm a firm believer in providing great customer service. You may find me chilling at my local coffee shop (I do love a coffee!), obsession with learning new skills, or sipping a coffee while meeting with couples to talk about what I can do for them.

There comes a time when you find your fit, your purpose and your passion.

I found it in the heart of storytelling through film.

Visual storytelling captures moments in a way nothing else can. Only a film will let you listen to your partners vows, see the change in his face when he first sees her walking down the aisle, relive your speeches & take you back to that day.

It's an honour to be considered to capture your treasured moments, and I'm looking forward to getting to know you!

WHAT TO EXPECT

# OUR STYLE

## What Makes Us Unique

---

Let's be honest, there are so many beautiful, incredible videographers out there. Many of them are people I've been privileged to call friends.

I'm not going to tell you I'm better than they are - The truth is art is a personal thing that touches everyone differently. We all have our own unique style and creative vision that we uniquely bring to this world.

Here's what we're all about: Getting to know you as friends not just a client, a job, or a paycheck. We LOVE getting to see our clients as friends, because when the wedding day comes we get to CELEBRATE WITH YOU! We are adventurers, fearless, and love working with couples who share this adventurous spirit and desire to create something breathtaking that will last a lifetime. Your wedding is YOUR story. Its beautiful, its messy, its totally unique. We're wild about capturing every part of it.

I recently used Nick for my UK Wedding Reception and couldn't recommend him enough. His professional and friendly attitude really made me and my guests feel comfortable, he took his time with everything and captured moments I didn't even know existed. I cannot thank him enough for such a lovely experience from start to finish... still brings tears to my eyes!

Nick was our wedding videographer and he went above and beyond. He has done an amazing job along with his son and we couldn't be happier with the result. He took the time to go to the venue a week previous to make sure that he had everything spot on so he could capture those special moments and he truly delivered

# FAQ

## DO I RECEIVE ALL OF MY FOOTAGE?

Packages come with an artistically composed Creative Film, and or a Feature Film with full ceremony and speeches. Your Creative Film is the result of us taking the BEST parts of all your footage and condensing it into an emotional and entertaining family heirloom. If you wish to purchase your raw footage, it is available as an a la carte item for £450 delivered on an external hard drive.

## DO YOU REQUIRE MEALS AT THE RECEPTION?

Yes, we ask that meals be provided at the wedding reception as part of our contract. By the time the reception arrives we've been working none-stop for up to ten hours without a break or a chance to grab a snack, so we need a chance to recoup so we're ready to film the rest of your evening

## HOW IS THE FILM DELIVERED? DVD? FLASH DRIVE?

You want your film to last – and view it in the best possible quality! With everything moving online and onto the cloud, DVD's are now going the route of VHS. In knowing this trend is coming, we now provide all our clients with USB storage keys + online highlights + digital downloads so that viewing and sharing is instant and easy!

## CAN I CHOOSE THE MUSIC FOR MY FILM?

We ask that you trust us to choose the music for your film. We will pick music that we feel best captures your individuality and the emotion behind your day. Some songs lend themselves better to a film setting than others – if you listen to the film score of your favourite movie, chances are its much different than what you'd hear on the radio.

## HOW MUCH EXPERIENCE DO YOU HAVE?

We have been filming weddings for some time, and have had the privilege to film for many couples. However our recommendation when choosing any professional is to choose based on the quality of their work, rather than the amount of time they've been in business! If our work speaks to you and our style fits yours, that is the most important thing.

## DO YOU OFFER TEASER VIDEOS?

Yes we offer Teaser Videos! We try to upload a Teaser Video within 48 hours to give you a taster of whats to come! These are a great way to have something quicky to show your family and friends while you wait for your Creative Film. We dont charge for these, we just make every effort to produce one for each wedding we capture.
